Biography

I am a Computer Science graduate from Birzeit University with a strong passion for technology and problem-solving. Currently working as a Technical Support Specialist, I bring practical experience in troubleshooting and assisting users with efficiency and clarity. I'm a fast learner who values continuous growth and always strives to improve both technically and professionally to meet evolving industry needs.

Professional experience

Technical Support Engineer

Arab Islamic Bank

10/2023 - Present

Achievements/Tasks:

- Responsible for the bank's Workflow system.
- Monitor and resolve all technical issues for all employees.
- Assisted employees with general support for hardware and external software.
- Performed hardware maintenance and component-level repairs to ensure optimal device performance.

QA Manual Engineer

The National Bank

04/2022 - 10/2022

Achievements/Tasks:

- Prepared Manual Test cases.
- Compiled detailed reports of software bugs, used JIRA to track said bugs and ensured quality products.

Full Stack Developer Intern

MicroMedical

09/2020 - 12/2020

Achievements/Tasks:

- I built a Full Stack Application for a hospital using .NET, Angular, and Mysql.
- I learned backend concepts like MVC, Dependency injection, and ORM.
